Built for Recovery, Designed to Sell

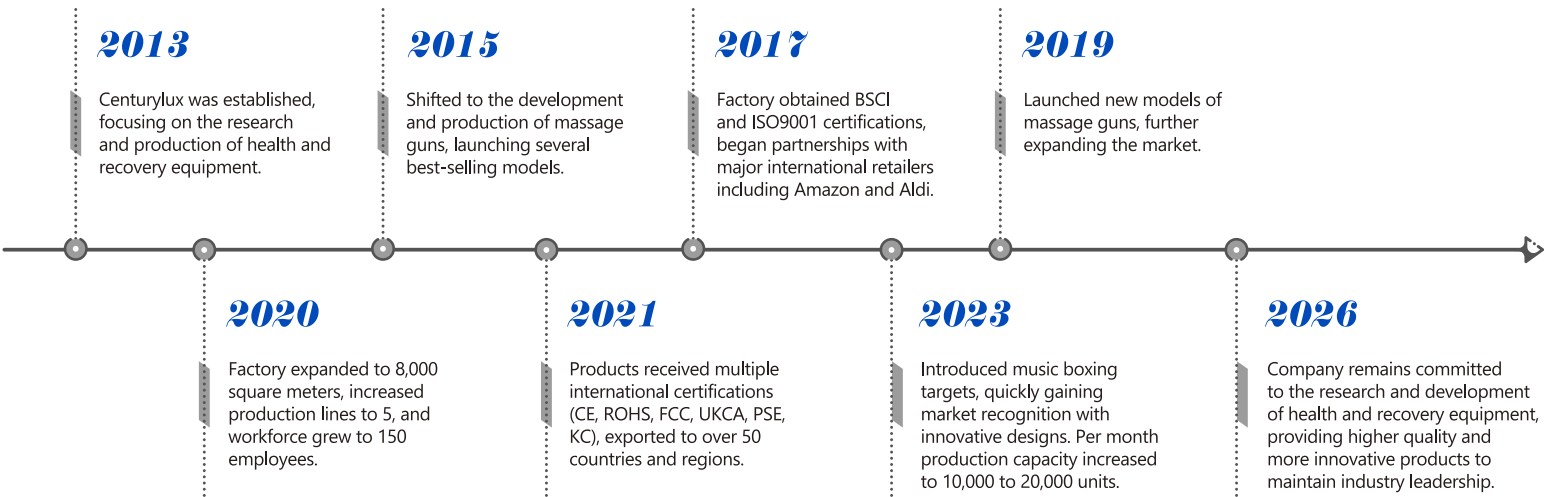

ABOUT US

Centurylux is a BSCI and ISO9001 certified manufacturer, specializing in high-performance massage and recovery solutions with 13 years of industry experience. As a trusted partner to leading global retailers like Amazon and Aldi, we empower our clients to build market-leading, long-term product lines.

Our products combine ergonomic innovation with real market insights, helping our partners create reliable and scalable recovery businesses. With the use of AI-driven product development, our two dedicated R&D teams, composed of 12 experienced engineers, bring 20-30 new designs monthly, tailored to meet market demands.

Certified with CE, ROHS, FCC, UKCA, PSE, KC, and more, our products are built with quality at the core. Our factory, covering 12,000 square meters and equipped with five production lines, ensures a daily production capacity of 10,000 to 20,000 units. We don't just manufacture, we understand the consumer journey from click to recovery, helping our partners build lasting recovery solutions.

“ Creating products with utmost dedication, over time, we discover that meticulous craftsmanship and cutting-edge technology give birth to a lasting appeal – this is where Centurylux works wonders ”

A woman with long blonde hair is sitting at a white desk in a bright, modern office. She is wearing a white sleeveless top and a white skirt. She is holding a white mug with her right hand and looking at a laptop on the desk. Her feet are placed in a white and black foot massager. The desk also has a small calendar and a white plate. The background shows a large window with a view of a city and a glass-walled office area.

FOOT MASSAGER

Advanced shiatsu kneading, rolling, heat, and air compression work together to deliver spa-level foot recovery and improved circulation. Perfect for daily comfort, muscle recovery, and lifestyle-focused consumers.
