FACTORY IN CHINA

Ningbo Yada Electric Products CO.,LTD was located in Xidian Town of Ningbo which the main production base of flashlights in China, with 40km from Ningbo Airport and 55km from Ningbo Port.

We are specialized in designing, manufacturing and selling of different kinds of LED Lights like Worklights, Headlamp, Camping Lights, Solar Lights, Flashlights and etc.

Moreover, we also have production capacity of Outdoor Leisure Products such as BBQ Grills, Turkey Fryer, Cooler box, Boat Seat, Hanger and etc.

Yada was founded in 1990, with all our efforts in these 30years, we are growing to be a modern enterprise covering an area of 52000 square meters and building area of 65000 square meters and more than 450 employees. We are insist on improving our production quality and management system, and get ISO9001:2000/BSCI certification. Reliable quality and competitive price and good service make our products more and more popular in North America, Europe, South America and etc.

We insist on “Deploitation, Innovation, Practicality and Honesty” as our company spirit to service our all customers. Warmly welcome your visit and share business together.

Total Area of the Factory: 75000 m²

FACTORY IN CAMBODIA

YADA's new factory in Southeast Asia, situated in Prey Veng Province, Cambodia, is 85 mile from Phnom Penh. The total construction area of the new factory is 75,000 square meters. We specialize in designing, manufacturing, and marketing a comprehensive range of LED lightings, including work lights, headlamps, camping lanterns, solar lights, flashlights and etc. Additionally, we offer production capabilities for outdoor leisure products such as barbecue grills, turkey fryers, fish fryers, coolers, boat seats, hanger and etc.
