ABOUT US

Our Mission

Explore More,
Worry Less

Our Vision

Technology that Guides
You Forward

Ottocast integrates **R&D, manufacturing, and sales** to deliver smarter global mobility solutions. We have pioneered first-to-market products—including **wireless CarPlay/Android Auto adapters and AI multimedia boxes**—making driving smarter, safer and more convenient.

Driven by the belief that technology should serve people better, we focus on localized operations and stable global distribution. By seamlessly connecting people and their vehicles, we elevate the driving experience and make every journey extraordinary.

A Leading Manufacturer of Smart Connectivity
Upgrades to Built-In Vehicle Displays.

MILESTONE

2009

Where It Began

Officially registered in Hong Kong.

2021

1st Gen Wireless CarPlay Adapter

Ottocast U2 Air adapter.

2023

OttoDrive 1.0

The self-developed OttoDrive in-vehicle system.

2025

AI-Powered In-Car

P3 Pro (OttoDrive 3.0) unlocks more features with AI voice commands.

ChatGPT Grok Gemini Qwen

2017

The First CarPlay Decoder

CarPlay decoder integrated CarPlay, Android Auto, HDMI input into the old cars.

2022

More Ways to Connect

The first Android box with integrated SIM connectivity.

2024

OttoDrive 2.0

Ottocast's standalone Android OS - OttoDrive, enhanced by Ottocast P3.

2026

Otto Safe Series

Launched In-car ecosystem integrated with CarPlay and Android Auto in OEM screen.

Worldwide Brand Partnership

Globally, Ottocast delivers tailored mobility solutions to meet the distinct needs of drivers around the world.

Comprehensive Aftermarket Automotive Electronics Connectivity Solutions

PRODUCT SERIES

Otto Wireless / Otto Plus / Otto Media / Otto Safe / Otto Screen

Wireless CarPlay & Android Auto Adapters [Otto Wireless]

Upgrade wired CarPlay and Android Auto to wireless for a faster, cleaner, and more convenient in-car connection.

No cables. No repeated plugging and unplugging. CarPlay reconnects automatically every time you start the car.

CarPlay AI Boxes [Otto Plus · Otto Media]

Otto Plus
AI-powered interaction, smart apps, navigation, and connected features for a smarter driving experience.

Otto Media
Streaming apps and media playback designed to bring more entertainment to every journey.

In-Vehicle Safety [Otto Safe]

From dash cams to cabin monitoring, practical safety solutions help improve awareness and confidence on the road.

Portable Navigation Displays [Otto Screen]

Add CarPlay, Android Auto, navigation, and media functions to more vehicles without replacing the original head unit.
