十大显著优势

Ten Remarkable Advantages

强大的生产规模

于深圳、东莞、越南设厂，2万㎡场地搭配12条自动化产线，月产能50万台。

Powerful Production Scale

We have established factories in Shenzhen, Dongguan, and Vietnam, with a site area of 20,000 square meters and 12 automated production lines, and a monthly production capacity of 1 million units.

顶尖的产品质量

通过16项国际权威认证，执行军工级测试，产品历经2000小时盐雾腐蚀、500次冷热循环冲击，100%成品经48小时老化。

Top-notch Product Quality

We have passed 16 international authoritative certifications, implemented military-grade testing, and our products have undergone 2000 hours of salt spray corrosion, 500 cycles of hot and cold shock, and 48 hours of aging for 100% of the finished products.

卓越的研发创新

有德国红点/IF奖设计团队，华为、小米技术专家助力，自建专业实验室。年研发投入超500万，持有56项专利，每年超15款新品迭代。

Excellent R&D and Innovation

We have design teams that have won the German Red Dot/IF Awards, the support of technical experts from Huawei and Xiaomi, and our own professional laboratories. With an annual R&D investment of over 5 million yuan, we hold 56 patents and launch more than 15 new products every year.

深度定制能力

依据客户需求，从产品功能、外观到材料、包装个性化打造1000台起订的小单快返模式，提供专利认证全包服务。

Deep Customization Ability

According to customer needs, we can customize products in terms of functions, appearance, materials, and packaging. We adopt a small order and quick return mode with a minimum order quantity of 1000 units and provide a full package service for patent certifications.

高效的交付速度

完善生产流程与供应链管理，实现15天极速交付，助力对市场反应速度要求高的客户。

Efficient Delivery Speed

With a perfect production process and supply chain management, we can achieve extremely fast delivery within 15 days, helping customers with high requirements for market response speed.

极具竞争力的成本

规模化生产融合精益管理，严控成本。在保证品质前提下，提供高性价比产品。

Highly Competitive Cost

Integrating large-scale production with lean management, we strictly control costs. While ensuring product quality, we provide products with high cost performance.

全链路赋能

一站式搞定ID设计、模具开发、认证申报、出货及售后。

Full-chain Empowerment

We can handle everything from ID design, mold development, certification application, shipment to after-sales service in one stop.

全面的服务支持

提供2年质保与终身技术支持，解除售后之忧。

Comprehensive Service Support

We provide a 2-year warranty and lifetime technical support to relieve customers of after-sales concerns.

严格知识产权保护

通过ISO27001信息安全认证，保障客户信息安全。全流程保护客户创意、设计等知识产权。

Strict Intellectual Property Protection

We have passed the ISO27001 information security certification to ensure customer information security. We protect customer's creativity, design and other intellectual property rights throughout the whole process.

长期主义

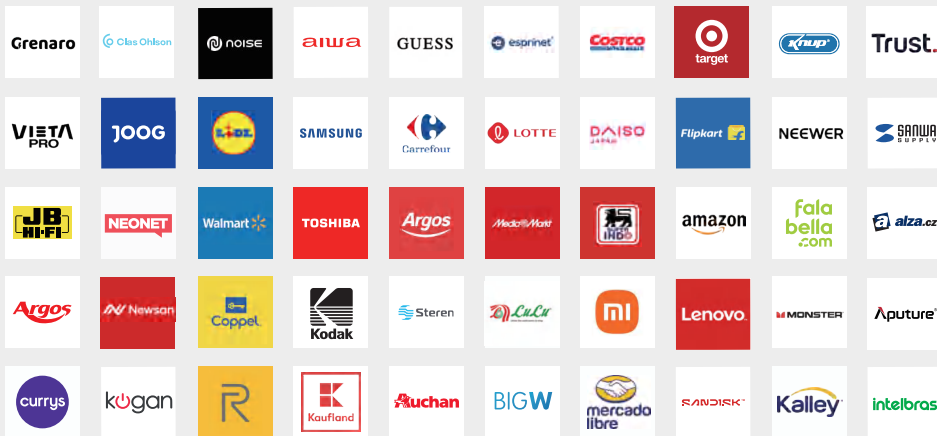

合作客户续约率98.7%，年均增长30%，以数据彰显长期稳定合作成果，重视与客户携手长期共赢。

Long-term Orientation

The renewal rate of our cooperative customers is 98.7%, with an average annual growth rate of 30%. These data demonstrate the long-term and stable cooperation achievements, and we attach great importance to achieving long-term win-win cooperation with customers.

HIPPO
DIGITAL

The background of the top section is an aerial view of a modern industrial park with several large buildings. Overlaid on this is a blue box with the company logo and a white organizational chart. The chart shows a central 'HIPPO DIGITAL' box at the top, which branches into four regional boxes: 'HIPPO China', 'HIPPO Vietnam', 'HIPPO Japan', and 'HIPPO Latin America'. Below these regional boxes are functional boxes: 'R&D', 'Manufacturing', and 'Sales' are listed under 'HIPPO China'; 'Factory' is listed under 'HIPPO Vietnam'; 'R&D' is listed under 'HIPPO Japan'; and 'Sales' is listed under 'HIPPO Latin America'.

一家本分的爆款工厂

A COMMITTED FACTORY FOR MAKING BEST-SELLING PRODUCTS

深圳西波数码有限公司自 2014 年创立以来，已发展成为一名集精密智造、产品设计研发与全球营销于一体的综合性科技企业，聚焦运动影像与智能音频两大核心赛道，匠心构建“运动相机 + 无线领夹麦克风 + 儿童相机”三位一体的全年龄段内容创作者工具矩阵；核心团队源自富士康、小米、华为、TUV 等全球 500 强企业，携世界级制造基因，实现从纳米级模具开发到千万级终端产品的全链路自主可控，作为一家坚守本分、实力超凡的 OEM&ODM 爆款工厂，持续为全球客户打造高品质的爆款产品。

Since its establishment in 2014, Shenzhen HIPPO Digital Co., Ltd. has grown into a comprehensive technology enterprise integrating precision manufacturing, product design and R&D, and global marketing. Focusing on the two core category of sports imaging and intelligent audio, the company has carefully built a trinity tool matrix for content creators of all ages: "action cameras + wireless lavalier microphones + children's cameras." The core founding team comes from Fortune 500 companies such as Foxconn, Xiaomi, Huawei, and TUV, carrying world-class manufacturing DNA and achieving end-to-end autonomous control from nanoscale mold development to the production of tens of millions of terminal products. As a steadfast and exceptionally capable OEM & ODM "blockbuster factory," we continue to create high-quality best-selling products for customers worldwide.
