MISSION ELECTRONIC LIMITED

COMPANY PROFILE

Mission Electronic Limited was founded in Shenzhen, China, and has focused on audio products for more than 15 years.

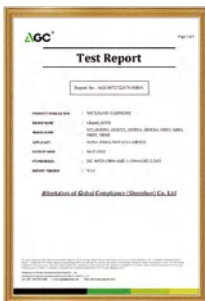

We are a product-oriented team that thinks up, designs, and manufactures audio products, such as wireless earphones and Bluetooth AI speakers.

We integrate the latest technology, usability, and artistic sense into product design to create unique products.

We offer Original Equipment Manufacturing (OEM) and Original Design Manufacturing (ODM) services.

Our ID designers and engineers will help build your own product range that matches your brand style. If you have any ideas, we welcome your inquiry and cooperation!
