SKY WING

MADE IN CHINA & VIETNAM

23 Years OEM/ODM Bluetooth and Acoustics Products Manufacturer

CHINA FACTORY

VIETNAM FACTORY

ABOUT SKY WING

SKY WING has been a global leader in manufacturing Bluetooth and Acoustics Products since 2003. We provide customized solutions for brands, retailers, importers, distributors, and international e - commerce company. Leveraging our professional R&D and market - sensitive insights, we empower clients to excel in the Bluetooth market.

SKY WING has Production Base in CHINA and VIETNAM with 1200 employees totally. With strong R&D ability, one-stop production mode of operation, professional quality testing equipment and complete quality control with Manufacturing Execution System (MES). Products from raw materials procurement, testing, production, shipping and other processes are in accordance with the ISO9001, ISO14001, ISO45001, ISO13485, BSCI international quality standard system implementation. In addition, each OEM / ODM project engineer will set up a project team to guide and track. The entire product from the ID design, mold design, circuit design, structural design to the final performance evaluation, proofing, trial production to large-scale mass production and will be tracking in place.

Sky Wing's products have obtained BQB, FCC, CE, RoHS, REACH and TELEC certifications, fully complying with the standards of major global markets. Our core markets cover Europe, the United States, Japan, South Korea, Australia and Southeast Asia.

COMPANY STRENGTHS

Our goal is to provide customers with high quality service and standard internal operation to achieve international business management level.

I. R&D Strength

Our company takes great pride in its robust R&D capabilities. Comprising 80 members, our R&D team is a group of professional elites in the Bluetooth - related field. With an average of more than 10 years of experience in Bluetooth acoustic products, team members not only have a profound knowledge of their profession but also are at the forefront of innovation.

This team is involved in a wide range of design and development work. They carry out ID design, giving products a unique aesthetic appeal; engage in structural design to ensure that products are both sturdy and functional; and in the aspect of circuit design, create efficient and reliable electrical architectures. In addition, they are deeply involved in software development based on various platform solutions, including those based on Qualcomm Bluetooth chips and domestic chips. This diverse professional ability enables us to maintain a leading position in the highly competitive market and continuously launch top - notch products that meet the ever - changing needs of consumers.

II. Quality Assurance

Quality serves as the foundation of our business operations. We have formed a 60 - person quality control team, who act as the "guardians" of our product quality throughout the entire production process.

From the initial stage of raw material procurement, they carefully select suppliers to ensure that only the highest - quality materials enter our production line. At the inspection stage, each incoming part is thoroughly checked to meet our high - standard specifications. During the production and assembly processes, they closely monitor the operations and are ready to resolve any emerging issues quickly. At the final product inspection stage, no detail is overlooked.

Sky Wing has successfully implemented and integrated state of the art Manufacturing Execution System (MES) in the summer of 2021. Together with our existing Total Manufacturing Solution (TMS), we are able to manage our production and quality control with automation. It will collect individual product data, and upload to our main server. It allows our team to analyze problems and increase our productivity with accurate data.

Responsible Business Alliance
Advancing Sustainability Globally

Let the world hear the good sound !

ONE STOP SOLUTIONS:

S1 LE Audio Sleeping Earbuds with App

Fast and Stable
Bluetooth Connection

Sleep music
Calm Your Mind

Physical sound insulation,
supporting sleep monitoring
and automatic shutdown

Up to 35 hours
of single working time

Ultra-light design
(each ear weighs no more than 4g),
optimized for side-lying position

Passive Noise Technology
to create a calmer
sleep environment

Medical-grade liquid silicone,
with extremely soft wearing feeling

APP Customization:
Dedicated APP for adjusting sound effects,
customizing buttons, and OTA upgrades

- Speaker: $\Phi 4.6\text{mm}$
- Working Time:
 - * Earphone: About 9H
 - * Earphone with charge case: About 35H
- Battery Capacity:
 - * Earphone: 50mAh
 - * Charge Case: 360mAh
- Weight: Earphone: about 3g
Charge Case: about 30g

O13

AI Noise Cancelling (ENC) Open Ear Clip Earphone with App

Fast and Stable
Bluetooth Connection

Open-back Ear Clips,
Comfortable and Secure
for all-day wear

Up to 30 hours
of working time

Low Sound Leakage Technology:
Directional sound conduction protects privacy

APP Customization:
Dedicated APP for adjusting sound effects,
customizing buttons, and OTA upgrades

IPX5 Water and Sweat Repellent:
Run and work out without
fear of sweat or rain;

- Speaker: $\Phi 12\text{mm}$
- Working time: About 30H
- Battery Capacity:
Earphone: 40 mAh
Charging case: 500mAh
- Dimension: Earphone: 45*20*23.4mm
Charge case: 74.5*39.2*29.2mm
- Weight: Earphone: about 4.4g
Charge Case: about 33.4g

Ergonomic ear hook

Soft silicone

Ultra light

O6 AI Noise Cancelling(ENC) Open Ear Bluetooth Earphone

Fast and Stable
Bluetooth Connection

Open ear design you can hear
surrounding traffic while
walking provides a level of security

AI Noise Cancelling(ENC)
for crystal clear call

Up to 8 hours of working time
while the charging case allowing
for 3 to 4 recharges

Ergonomic design and crafted with
skin-friendly soft silicone material

Only 9.9g lightweight and stable design
making is an excellent and comfortable
option for all-day wear

Quickly mute/unmute mic with
a single touch—perfect for handling calls
discreetly and professionally

- Speaker: $\Phi 11\text{mm}$
- Working time: About 8H
- Battery Capacity:
Earphone: 60 mAh
Charging case: 400mAh
- Earphone Dimension: 55*50*15mm
- Charge case Dimension: 83*75*30mm

T26

LE Audio Adaptive Hybrid Active Noise Cancelling (ANC) TWS Bluetooth Earphone with App

- Speaker: $\Phi 11\text{mm}$
- Battery Capacity:
 - * Earphone: 55mAh
 - * Charging Case: 500mAh
- Working Time:
 - * Earphone: About 8H
 - * Earphone with charge case: About 28H
- Dimension:
 - * Earphone: 45*20*23.4mm
 - * Charging Case: 74.5*39.2*29.2mm
- Weight:
 - * Earphone: about 4.4g
 - * Charge Case: about 33.4g

Fast and Stable
Bluetooth Connection

Adaptive Noise Cancellation &
Crystal Clear Calls, Ergonomic Wear &
Practical Extra Functions

Long Battery Life &
Low-latency Efficiency for Gaming

Personalized Sound Tuning via App

Up to 50dB
Adaptive Hybrid Noise cancelling

LE Audio support
music sharing

Medical-grade liquid silicone,
with extremely soft wearing feeling

Dual mic environment noise
reduction for clear call

Up to 8 hours
of single working time

In-ear Detection

T25 LE Audio Adaptive Hybrid Active Noise Cancelling (ANC) TWS Bluetooth Earphone with App

- Speaker: $\Phi 13\text{mm}$
- Battery Capacity:
 - * Earphone: 38mAh
 - * Charging Case: 500mAh
- Working Time:
 - * Earphone: About 7H
 - * Earphone with charge case: About 25H
- Dimension:
 - * Earphone: 45*20*23.4mm
 - * Charging Case: 74.5*39.2*29.2mm
